To Survive and Thrive: Exploring pathways to maintaining, resiliency, balance and joy.

Moving Forward with Self Alliance™: When it feels like life has been one hurdle after another and nothing is as it should be or could be, you need self alliance. A 12-week plan (minimum) this program will help you sort things out, bringing you through transition to a place of self understanding, resiliency and renewal.

Self-care & Stress Relief: Developing a tool kit of skills and practices to reduce stress, gain insight and build resiliency.

Art Journaling: Love collaging, stamping, sketching and other forms of visual creativity? With art journaling you can combine words, colors and textures to reflect and express yourself.

Expressive Journaling: Learn the benefits to this techniques that teaches you to focus on emotions and feelings in your journal writing.

Waking up Your Muse: If exploring creativity is part of your Poetry N2 Wellness plan you will play with creative prompts to discover new things about yourself, relax and have fun.

Collage for Self-Discovery: Deep reflective work using collage, music, sharing and silence.

Stepping into your Story with Assemblage Art: Part craft making, part poetic reflection. You will use found art, papers, objects, fabric and other embellishments to create a mixed-media story box. The creation process includes guided reflection work and expressive writing. This Poetry N2 Wellness session work promotes self-awareness and clarifying a pathway to your authentic self.

Poetry N2 Wellness

Working one-on-one with survivors who are out of crisis, the Poetry N2 Wellness sessions encourage wellness and healing, creating pathways to inner strength, maintenance of skills acquired through clinical therapies and lessening the effects of trauma.

Sessions include creative activities such as expressive journaling, visual journaling and mixed-media arts.

Self-care techniques and mindfulness practices are key aspects as well, helping to activate the body’s natural relaxation response. There are many benefits to these kinds of activities:

- gaining personal insights
- relieving stress
- lowering blood pressure
- improving relationships with others
- better performance at work, school & home

The Entrance Consultation

Poetry N2 Wellness private session coordination begins with an Entrance Consultation. During the consultation, your needs and goals are discussed, we review the program themes and discuss logistics. If the program is a good fit for you a Poetry N2 Wellness Plan is created. Private Sessions are 60 to 90 minutes in length unless otherwise designed.

No prior art or writing experience is needed.

Vanita Leatherwood, HopeWorks’ Executive Director, has over 30 years of experience in facilitating wellness and community education programming.

During the Poetry N2 Wellness sessions, Vanita uses the modalities known as Transformative Language Arts (TLA) and Poetry Therapy. Both TLA and Poetry Therapy tap into the power of language, creativity, symbol and story to foster personal and social change.

She enjoys working with individuals and groups specializing in issues related to personal discovery, healing from trauma, self-care, stress management, life transitions and family dynamics.

Vanita holds a M.A. in Community Psychology and is a Transformative Language Arts Educator and Poetry Therapist practicing since 2004. She is a member of the Transformative Language Arts Network and the National Association of Poetry Therapists.

Poetry N2 Wellness

Poetry N2 Wellness private sessions generally focus on one of three wellness/life-skill areas:

- Self-care Practice Development - the basis for developing a healthy relationship with your self – for your self
- Self-alliance – working to understand what (and/or who) is important to you and how you can live what you believe
- Goal Setting – exploring your goals and pathways to attaining them

*Poetry N2 Wellness sessions are educational/support programs and are not intended to replace or to be a substitute for counseling or therapy.*
