

HopeWorks Book Club

Cultivating Imagination for Social Justice

Who are we?

The **HopeWorks Book Club** is one of seven public programs offered by HopeWorks of Howard County, the sexual assault and domestic violence center in Howard County.

By reading across genres and diving into social justice-inspired discussions, we aim to imagine—and thus, create—better futures. Join us as we speculate, critique, draw connections, and reimagine.

I believe our imaginations... are where we must seed the future, turn toward justice and liberation...

—adrienne maree brown
